

# Year 11

- ▶ Revisit your Performance Logbook on Google Classroom.
- ▶ Look up the short-term targets you set yourself.
- ▶ What do you need to do in your practice sessions in order to meet that target?
- ▶ Practice your instrument for a minimum of 20 minutes per day.
- ▶ At the end of each session, ask yourself 'What else do I need to do to achieve my target?' Based on your answer, set yourself a SMART target for your next practice session.
- ▶ Remember, you are aiming for a performance of one of your pieces to the class in mid-October.
