Target

**Task 1. Research task:**

**Choose an athlete from the list below (you can also select your own if you would rather).**

<b>Jess Ennis</b>	
<b>Jonny Peacock</b>	
<b>Harry Kane</b>	
<b>Johanna Konta</b>	
<b>Geraint Thomas</b>	
<b>Laura Trott/Kenny</b>	

Now research as much information as possible on them.

Research on Youtube, BBC sport, Sky Sport, The Times, Guardian websites.

Find out what they have achieved and how they have become successful.

**Task 2. Prepare a 1 minute verbal presentation on your athlete.**

You will be expected to learn your speech or presentation and perform it during a PE lesson or to your PE teacher.

Imagine your listener knows nothing about the sport and athlete you are talking about.

Think about the language you are using and the skills you will need to speak to the group.

You could do the presentation as a piece of persuasive writing, or an introduction for your athlete at an awards evening or a profile for a TV appearance.

Once complete, practise your presentation to family members or friend, until you feel confident enough to do it without reading from the sheet (you can use your sheet when performing it).

You should fill the box below answering questions such as: *How did you get into your sport? Earliest achievements? How you train for events? Motivation for success? Highest ever achievement? Future goals? Role models or heroes? Diet and nutrition? Any advice you can give to young athletes?*
